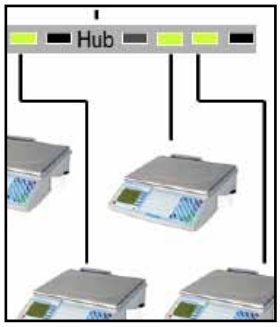
OHAUS RS Series

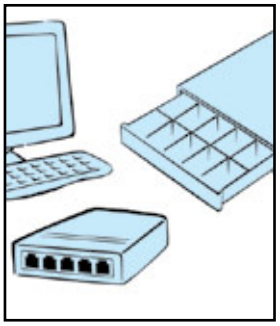
Standard Receipt Printing Retail Scale



Floating Vendor
The floating vendor allows users to operate up to 10 scales per customer, feeding captured data back to one central location.

Efficient Consumer Response (ECR)
The RS delivers professional ECR management via its price look up (PLU) function which includes 1000 PLU for 20 groups and the possibility to set 60 preset PLU on 30 keys.

Customisable Receipt Design
The RS can produce customised receipt designs with logos, up to 50 extra texts with 200 characters, greeting messages and vendor names.



Ethernet Connection
The RS supports communication with PCs, cash registers, and scanners while Ethernet port connections make software updates quick and easy.

With its compact design and integrated printer the RS can operate as a scale, electronic cash register, printer and ECR management tool, eliminating the need for multiple systems and saving counter space.

Addtional features include:

Mobile Business Through Battery Support - the RS can be run via rechargeable battery with a long-lasting operation time.

Stainless Steel Construction - the large, robust and water resistant stainless steel weighing plate of the RS provides consistent hygienic weighing.

OHAUS RS Series *Standard Receipt Printing Retail Scale*
